A summary execution is an execution in which a person is accused of a crime and immediately killed without benefit of a full and fair trial. Executions as the result of summary justice (such as a drumhead court martial) are sometimes included, but the term generally refers to capture, accusation, and execution all conducted simultaneously or within a very short period of time, and without any ...

In computer graphics and digital imaging, image scaling refers to the resizing of a digital image. In video technology, the magnification of digital material is known as upscaling or resolution enhancement.. When scaling a vector graphic image, the graphic primitives that make up the image can be scaled using geometric transformations, with no loss of image quality.
