Self-determination theory (SDT) is a macro theory of human motivation and personality that concerns people's inherent growth tendencies and innate psychological needs. It is concerned with the motivation behind choices people make without external influence and interference. SDT focuses on the degree to which an individual's behavior is self-motivated and self-determined.

In development or moral, political, and bioethical philosophy, autonomy is the capacity to make an informed, un-coerced decision. Autonomous organizations or institutions are independent or self-governing. Autonomy can also be defined from human resource perspective and it means a level of discretion granted to an employee in his or her work. In such cases, autonomy is known to bring some ...

Teaching about the Black Power Movement can be challenging, but has rich rewards. Misconceptions about the Black Power Movement abound, but the ability to contrast their strategies and aims with the earlier Civil Rights Movement allows Social Studies teachers to discuss the complex ways that social movements evolve, change, and respond to the times.
