The Trail of Tears was a series of forced relocations of Native Americans in the United States from their ancestral homelands in the Southeastern United States, to areas to the west (usually west of the Mississippi River) that had been designated as Indian Territory. The forced relocations were carried out by government authorities following the passage of the Indian Removal Act in 1830.

Babylon 5 (1993-1998), created by J. Michael Straczynski, is a science fiction television epic about Babylon 5, an Earth-governed space station built to promote harmony between interstellar civilizations. It is unusual in its focus on a story arc which dominates the events through its five-year run.
