The Anatomy of Evil is an intricate look at how the human mind works along with how those functions in your brain make you do certain actions or a feel a specific way when it comes to crimes. The author Michael H. Stone, explains in great depth many true real-life stories of people who are considered evil, homicidal, schizophrenic, maniacs, psychopaths, sociopaths, and etc.

The Anatomy of Evil by Michael H. Stone - Goodreads

If spirits or demons exist objectively, as actual intelligent beings, then one might think that they would have more important things to do than appear before a "magic circle" and serve the whims of mere mortals. One might also think that there would then be one "correct" tradition of magic and one "true" pantheon of deities.
